

DOANE  COLLEGE

Wednesday February 11, 2009

Dear: Gina

The Barry Scott performance was a powerful voice that filled our auditorium during our MLK day celebration. His performance was well received by students, staff, and community members. Everyone was glued to their seat and his speech moved the audience physically and mentally.

It was a powerful testimony of his life as well as a motivating speech that helps college students remembers how far we have come. We would love to have Barry back at our institution, thank you once again for a great show.

Sincerely

Tolu Kayode  
Assistant Director of Residence Life  
Student Activities Coordinator
